Digital Data Activities Cd Rom For Hansens Business Math Free data handling activities for children including making bar charts, tally chart activities and pictograms. Fun data handling games for children. Digital Data Activities CD-ROM for Hansen's Business Math [Mary Hansen] on hellofromsandy.com *FREE* shipping on qualifying offers. Interactive study guide template that includes activities and projects used for assessment of chapter topics. Windows/Mac. Site hellofromsandy.com: Mary Hansen.

Graphing Worksheets and Printables. To keep track of his cheese sales, Giovanni uses a pictograph. Kids will figure out how his cheese business is doing by using data in the graph. Collecting data is an important part of math and statistics. Practice gathering data using items around the house or classroom!

BUSINESS MATH Name: Period: Seat #: Start Power Point and open the PowerPoint file called BUSINESS MATH from DATA / STUDENTS / WYNDER. Play the slide show and complete this handout as you watch the slide show. You will need a calculator as you complete this assignment – you can use your own calculator, or if you click on the START. Spreadsheet applications are available on the Data Activities CD, and a simulation activity begins every chapter. Chapters are organized into short lessons for ease of instruction and include algebra connections, group and class activities, communication skills, and career spotlights.

Business Mathematics There are 4 chapters in this part of business mathematics: Algebra review, calculus review, optimization techniques, and economic applications of algebra and calculus.
