Students understand more fully that play is central to development and at the center of the curriculum. Frameworks and standards are discussed throughout, including the Common Core Standards and early learning standards. The authors put play at the center of a balanced curriculum that includes spontaneous, guided, and directed play as well as teacher planned instruction. They describe how knowledgeable teachers use a wide repertoire of strategies to orchestrate the flow from spontaneous play to guided play, to more subject oriented instruction, and back to hellofromsandy.coms: The leading text in the field, Play at the Center of the Curriculum seamlessly combines the features of a text on play and development with the features of an early childhood curriculum text to present a comprehensive, cogent rationale for placing play at the center of a balanced curriculum. Ideal for those who want to engage children in a developmental zone where children and .
