But in the end I chose some seasonal tart recipes that everyone will love – a sweet mini cranberry apple almond tart and a savory bacon, veggie and cheese tart to please all palettes. My Mini Cranberry Apple Almond Tarts are super delicious – sweet and tangy with a little bit of crunch, made with fresh cranberries, orange juice, honey. While originally savory, with meat fillings, culinary tastes led to the creation of sweet tarts, filling tarts instead with fruit and custard. Early medieval tarts generally had meat fillings, but later ones were often garnished with fruit and custard.

Use sweet, tender pearl onions to their most delicious potential in this savory tart. Recipe: Pearl Onion Tarte Tatin Before you start, place your raw onions in the skillet and make sure that they fit very snugly.
