If you need some inspiration as to the truth of what I am teaching through VisualFestation, you have come to the right place. One of my students, who was facing some financial challenges, needed a new automobile, as the one she was driving was frequently breaking down. In the "VisualFestation System Self-Study Course" the user will have the complete system with instructions, examples and exercises to work through to identify their goals, limiting beliefs, have an understanding of how your thoughts affect your energy and begin to create your own "Hour of Power" to manifesting the life of your dreams.

Source Energy, God, the Universe, whatever you choose to call it, IT is still TRUE. If you are ready to START CREATING the Life of Your Dreams, let us begin Chapter 1: Twelve Crazy Goals. Peter got introduced to the Self-Help industry as he was not Happy with the Circumstances of his Life.
