Dead of Eve was an exciting and intriguing science fiction/apocalyptic novel that is the first in a trilogy. A virus has spread throughout the world, killing off women and children. The men who are infected turn into a bug-like creature that feed off of the living/5. So when Eve escapes with the help of her three guardians, we find out that it's Eve's genetics that's keeping her alive. Eve is a bad-assed fighting heroine who survives so many obstacles thrown in her way on the battle to find out answers/5.
