Nov 09, An excellent example of why independent films are so invaluable, 'Stranger Than Paradise,' written and directed by Jim Jarmusch, is a bare-bones production that never would have found the light of day in the mainstream/10(K).

Stranger Than Paradise is wonderful: it's well acted, the cinematography is beautiful and I love that song by the legendary Screamin' Jay Hawkins. Anyone who truly loves movies will love Stranger Than hellofromsandy.com: Jim Jarmusch's Stranger Than Paradise is an odd, low-key comedy about trio of misfits--an everyday guy, his Hungarian female cousin, and his geeky best friend--who decide to take a road trip 95%.

Jan 01, "Stranger Than Paradise" is filmed in a series of uninterrupted shots; the picture fades in, we watch the scene, and when the scene is over, there's a fade to black.
